**Sustainable Mobility and Accessibility:
Gender Issues and Ageing Population.
Emerging Trends and Policy Challenges**

**International Workshop for the dissemination of the results of the Age-IT
programme**

**University of Bari Aldo Moro
Department of Economics and Finance
Largo Abbazia Santa Scolastica
Ranieri Hall – 2nd Floor
Bari (Italy) 11th October 2024**

Results of the Age-IT programme will be presented during the meeting, with the valuable contribution of foreign researchers and experts who will enrich the discussion in the light of world experience in the area of ageing population issues. The meeting will bring together leading researchers and stakeholders from different disciplines and countries to debate the recent developments on the study of mobility, ageing populations issues, accessibility and related policies. The objective is to enhance the Age-IT programme through a process aimed at disseminating the project results achieved to date in an international context and at using them constructively.
